THE NIGHT AT THE MUSEUM 2016

Welcome to *The Night at the Museum*, our fifth annual Australian Museum Foundation Gala Dinner.

The Australian Museum Foundation exists solely to raise funds for the Australian Museum's important scientific research, exhibitions, education programs and natural history and cultural collections. Since 2005, the Foundation has provided grants for the Australian Museum to acquire important cultural and scientific objects, to undertake groundbreaking research projects, to mount scientific expeditions, and to develop and implement innovative educational programs. We are only able to do this thanks to the generous support of our donors.

200 Treasures of the Australian Museum

Tonight we are raising funds to exhibit some of the Australian Museum's greatest treasures – in the transformed Westpac Long Gallery to celebrate the AM's 190th anniversary in 2017.

The Long Gallery is Australia's oldest museum gallery and we are embarking on an ambitious project to transform it into a more contemporary space, and restore it to its deserved place as the nation's premier gallery.

The project is jointly funded by Westpac, the NSW Government, and donors, and will showcase rare and fascinating items from the Museum's vast collections including; extinct mammals, prized skeletons, rare insects, ancient minerals, and priceless artefacts from our Indigenous and Pacific collections.

We are asking for your support tonight to realise the *200 Treasures of the Australian Museum* in the Westpac Long Gallery.

We encourage you to give generously, and help us create the must-see gallery celebrating Australia and the region's heritage, science and culture. Enjoy the evening.
