

# Birds in Australia

## Stage 1 - Student Activities

- What do you want to learn about Birds?

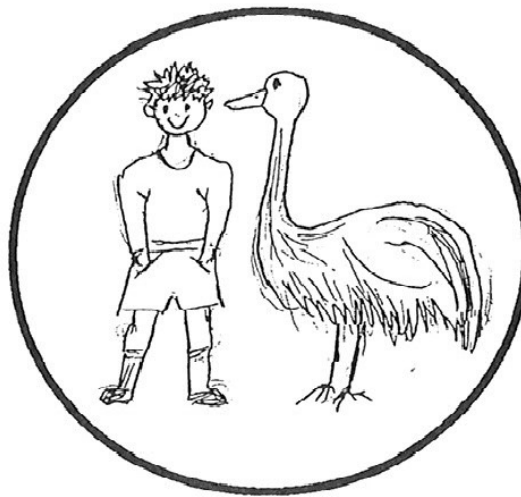

Go to the *Birds and Insects* exhibition on Level 2. The birds are in the display cases located around the outer walls of this exhibition. The collection holds a range of birds commonly seen in Australia; these birds are native Australian and introduced bird species.

1. Choose a bird and draw it carefully in the space below:

2. a. Is the bird you drew bigger or smaller than you?

---

b. Tick the circle picture that looks most like you and your bird:

c. What is the name of your bird?

---

d. Where could this bird live?

---

---

3. Two facts about your bird have been written in the drawing below. Fill in 4 more interesting things about your bird:
