The Australian Museum

The Museum is open Free to Visitors every Week Day from 10 a.m. to 5 p.m., except on Mondays, when Students and Pupils of Schools and Colleges are admitted by arrangement in the afternoons, and, if the Director is informed beforehand, facilities for Study are given.

It is open on Sundays from 2 to 5 p.m. and on all Public Holidays, except Good Friday and Christmas Day.

Children under 12 years of age, unless accompanied by older people, may be refused admittance.

Donations of even the commonest specimens of Natural History (if in good condition), specimens of Minerals, Fossils, Coins, and Native Handiwork, are always welcome.

The office is open daily from 9.30 a.m. to 1 p.m.; and 2 to 4.30 p.m. (Saturdays to 12 noon); and visitors applying for information there will receive every attention from the Museum Officials.

College St., Hyde Park, Sydney

TELEPHONE CITY 7917

Here is our answer to the demand
for a New Edison at a popular price

LONDON N°1
A new model of The
NEW EDISON
£30

The London No. 1 is a true Re-Creation instrument—its music, when compared with the living artist (as has actually been done over 6000 times), reveals no difference!

Soprano or bass—every recording is re-created with an unmarred fidelity that is at once magical and charming.

The New Edison **alone** plays all records at their very best and without detriment, while Edison records are practically free from wear and breakage—and so are nearly a hundred times cheaper than talking machine records.

The one phonograph of which you will never grow tired—write or call to-day.

THOMAS A. EDISON, LTD., 364-372 Kent Street, Sydney.
